

2910 FAMILIES IN BATANES and BENGUET TO RECEIVE HOUSING MATERIALS ASSISTANCE FROM NHA

Some 2,891 families from Batanes and 19 families from Tuba, Benguet are set to receive financial assistance from the National Housing Authority (NHA).

This developed as NHA General Manager Marcelino P. Escalada, Jr., recently approve the proposed Housing Materials Assistance (HOMA) Program for the Provincial Governments of Batanes and Benguet.

Engr. Meliza S. Benedito, NHA Manager for Northern Luzon, said GM Escalada gave the go signal for the provision of P6.8 Million funding support for families in Batanes who were devastated by Typhoon Ferdie last September 2016.

Benedito said, 567 houses were destroyed by Typhoon Ferdie while 2,324 houses were partially damaged.

In Benguet, Benedito added, 19 houses were totally destroyed in NHA's own housing project in Tuba and GM Escalada allowed the grant of P95,000.00 housing materials assistance to the affected beneficiaries.
